DEFENSE FAILS TO UPSET STORY OF NAZI PLOTS

BY DANIEL DE LUCE Nuernberg, Dec. 1 (AP)-Rudolf Hess, self-confessed amnesia faker, was ruled fit to stand trial today, and then listened intently as defense attorneys failed to break down a German spy chieftain's testimony linking some of his codefendants with the worst horrors

British Lord Justice Sir Geoffrey Lawrence announced the in-ternational military tribunal's decision that Hess was "capable of standing trial," with no further medical examination necessary Before the court opened, Hess had regaled his fellow defendants with the story of his lost-memory hoax

Entire Command Blamed Attorneys for Field Marshal Wilhelm Keitel, Hermann Goering, and Joachim Von Ribbentron sought in vain to upset the story told by Maj. Gen. Erwin Lahousen, former officer of the German counterintelligence, and first prosecution witness.

But eight other German lawyers for three hours grilled Lahousen who yesterday declared that Hitler and the entire German high command were to blame for atrocities on the eastern front.

# **BUTTER SUPPLY** IS VERY SHORT

No Prospects For Early Improvement; Price Too Low

Something less than 25% of the normal shipments of butter are being delivered to the Escanaba market now, a survey yesterday revealed, and the prospects for improvement are dull indeed. Two factors are responsible for

the present unhappy butter situation, dairymen report. First and foremost is the fact that whole milk will bring considerably more money to the farmer than cream. A pound of butterfat converted into butter brings only about 57c while that same amount of whole milk will bring a minimum of 80c at condenseries and up to as much as \$1.00 when sold as sweet cream to ice cream manufacturers.

The second reason is that this is the seasonal low point for milk from pastures for winter feeding with the resultant drop in milk production. It will be several months before this condition im-

Later this writer visited Chiang's stronghold in South China. He was in command of the Whampao Cadets, a Red Chinese army, trained by Soviet officers including the famous comrade Borodin.

To Britons and Americans at that time, Chiang Kai-Shek and Communism were one and the same thing. Both were equally hated-and for good reason. In Canton, he and his so-called Communists had clamped down a boycott against Americans, Britons, and all foreigners that was no joke. Grass grew in the streets of the foreign settlement. The American Consul General, Douglas Jenkins, could be seen each morning sweeping out his office. Every foreign official in Canton cooked his own meals-and considered himself lucky to get food. Only humorous aspect was watching the tall and bearded French consul pull his groceries home from the commissary in a child's toy wagon every morn-

By FRED MONCRIEFF

Ann Arbor, Dec. 1 (P)—Virtual depletion of some of the most valuable commercial fish in the Great Lakes is foreseen in the near future unless uniform fishing regulations are established soon among the Great Lakes states and Canada.

That is the view of John Van-Oosten of the U. S. Fish and wildlife service, who asserted today in an interview:

"Cisco, whitefish and lake trout are among emportant fish that have been or are undergoing uniform and inadequate fishing hunters cooperated following 1944 regulations which permit over-

# Webster Cub Pack Will Stage Circus On Tuesday Evening

With final plans completed, the Webster Cub Pack 413, sponsored by the Webster P. T. A., will present its first annual circus to the public, Tuesday evening at the Webster school, beginning at 6:45 p. m.

The circus will consist of ten acts, with numerous side shows and games of skill. Lunch and refreshments will be served by the Den Mothers. All activity of the circus will take place on the lower floors of the Webster school. All dens of the pack are well represented.

The circus acts will consist of the educated horse, wrestlin match, clown act, fat lady, snake charmer, tight rope walker, trio, magician, Bo the Bum and Shorty and Senor Bull Sio. Side shows will consist of the bearded lady, the Ritz Brothers, mind reading act, and several others.

Following the side shows, the Cubs will present an investiture ceremony and advancement court, at which time various Cubs will receive awards for achievement progress, and certain Cubs will be

graduated into Scouting.

The main show will follow the graduation ceremony. A Cubbing film will be shown in connection with the circus. The finale will be the grand parade of the entire circus characters.

One act alone, which should be of great interest is the "Quirt," played by James Ottensman. Music will be furnished by Francis Artley.

#### Shirley Jacobs, Dr. V. K. Johnson Wed Yesterday

A double ring ceremony, which took place yesterday at St. Stephen's Episcopal church, united in marriage Miss Shirley Jacobs and Dr. Vernon K. Johnson. The bride is the daughter of Mrs. C. W. Stoll and Lawrence J. Jacobs. Dr. Johnson is the son of Mr. and Mrs. Carl B. Johnson.

Bouquets of southern smilax and white chrysanthemums marked the entrance to the chancel. White tapers in silver candelabra lighted the altar, where the service was solemnized by the Rev. James G. Ward. Music during the ceremony was played by Frank Karas, violinist, and Freeman Empson, organist, who also played the traditional wedding marches.

The bride wore a gown of white satin fashioned in simple lines, with fitted bodice, long sleeves and full train. Her finger-tip veil was gathered in a crown of orange blossom design, and she carried a bridal bouquet of gardenias, white roses and white chrysanthemums, tied with long satin streamers.

Mary Jacobs Yapp, sister of the bride, was matron of honor. She wore a gown of light blue brocade, and in her hair a circlet of matching velvet ribbon. Her bouquet was of yellow pompoms and

BY VICTOR EUBANK

New York, Dec. 1 (P)—Led by aircrafts and specialties, the stock market today hit a 14-year average peak after its best week since early 1942.

In the brief session today, as throughout the week, buying was based mainly on dividends, earnings, actual and potential split-ups, the urge to hedge against inflation and the belief labor controversies would be cleared up by the time excess profits tax relief arrives in January.

Air transports were strong from the opening on as optimistic forecasts of
